The CaseNote Legal Briefs series is an excellent addition to a law students book bag. Many professors do not allow canned briefs so be sure to transcribe the information or use it as a tool to quickly review a case if you are low on time or need a refresher before class. The facts are always accurate, the issue is usually what the professor is looking for, and the holding is also correct. The series also defines legal terms used in the case on the brief. I've used the CaseNote series in every first year class and they made my life a lot easier. Reading cases is important but when you are low on time or need a quick summary this series is fantastic. The book is also perforated so you can tear out the briefs as you need them or scan the page to view on your computer if the professor allows computers in class.

this book is good to have for emergencies like you were sick or something happened that you could not prepare for class or just to compare your summary of law with briefs in the book. But, if you are a good law student you will use this book only as a supplement to the brief you have produced yourself.

These books are incredibly useful to give you a quick reminder of the case you read the night before. Highly recommend.

THE BOOK LOOKS LIKE IT WAS NEVER USED IT IS GREAT IT ARRIVED IN A FEW DAYS AND IT IS A COMPANION
