Updated to reflect the brand new AP Spanish Language and Culture exam that will be administered for the first time in May 2014, this manual includes:

- Two full-length practice exams
- An enclosed MP3 CD that supplements the book’s exercises and includes audio sections for both practice exams
- Separate practice and review units that provide strategies for improvement and cover reading comprehension, listening comprehension, writing, speaking, vocabulary and grammar

The manual can be purchased alone or with an optional CD-ROM that presents two additional full-length practice tests.

Average Customer Review: 4.1 out of 5 stars — See all reviews (17 customer reviews)

Best Sellers Rank: #29,196 in Books (See Top 100 in Books) #58 in Books > Textbooks > Humanities > Foreign Languages > Spanish #65 in Books > Teens > Education & Reference > Study Aids > Advanced Placement #99 in Books > Education & Teaching > Higher & Continuing Education > Test Preparation > Advanced Placement

I am a Spanish teacher. I have rated this book as 5 stars because (for my purposes) the format and content were challenging and high quality. The practice exercises & practice tests will help you to improve if you work consistently day by day. With that said, there is one MAJOR issue. I discovered that the disc included actually DOES NOT include ANY of the audio needed to do the practice print & listening combo, listening, & speaking exercises, although it DOES include the audio needed for the practice tests. This makes the book absolutely pointless to purchase. I called for an exchange after detailing the problem with the disc (it’s like the tracks weren’t all burnt to the disc or something which makes the practice sections (90%) of the book useless), and I was assured the disc would be thoroughly checked prior to being sent out to me. Of course, the disc was still perfectly packaged in
the back of the book (NOT checked as promised, so 0 stars for that customer service rep) and of course I had the same issue with this new disc... It only included the audio needed for the practice tests, not any of the practice section. However, I made a call to Barron's (the company who actually makes the product), and was sent a replacement disc-- excellent customer service! This third disc actually has all the audio needed for the entire book (practice sections & exams), and it has been wonderful. No complaints (once I got the materials that are advertised here). I was absolutely frustrated upon learning that the disc does not include everything that is needed to work through the book, and I doubt it's just a fluke because sent me 2 copies of this product and they both had the same issue with the disc.
