Taney throughout the book. This is incorrect. Watch out for that.

Review tests were good but the book has numerous errors throughout. A bit confusing at times. I think this needs to be sent back to the editing department for further review.

Looked at many books. Many too wordy like Barron’s, others too short. This is just enough. I am currently doing APUSH and wanted a good review for SAT II. Not enough questions but loved the review. Concise and thorough.

very good
