Plants Of The Chihuahuan Desert: A Guide To Common Native Species
Plants of the Chihuahuan Desert: This guide uses color photographs and brief descriptions to help identify a variety of plants native to the northern Chihuahuan Desert, including Big Bend National Park, Big Bend Ranch State Park, and the Davis Mountains. Split into helpful categories of trees, shrubs, succulents, wildflowers, and ferns, this guide is useful for casual visitors as well as plant enthusiasts. This light-weight, durable laminated guide’s six double-panels fold for convenient carrying and use in the field.

Customer Reviews

This guide only features a few plants in every species. Wish I would have paid a bit more for the robust guide, it was hard to tell what I was getting from the preview. I guess this would be good for someone who’s mildly interested in plants and wants a lightweight pamphlet.

Very nicely done!
