## Customer Reviews

The book came in less time than was told and is in good condition. It didn't have any torn or missing pages. It didn't come with the side guides though, but really you don't need them. All in all, good quality and ship time.

I had to order this book for my reading class, the stories in this book were good/interesting, but the questions and essays at the end of a story was a drag especially if your teacher goes by the book.

This book is great, it is really helpful in learning an easier way to write essays. It also arrived at the posted date. Would recommend this book to anyone who wants to improve their writing skills.

The book is very useful in creating a good quality paper. It is all in there, plus, there are examples in the form of readings with questions afterwards.

Received this book as advertised. It is not something I would normally order, but required for the class I am taking. Good vendor, fast shipping.

Great readings - not just for writers but also for anyone who would like to read in different fields and learn useful expressions!

It is some what useful material. Was not to keen on the information within but it was still very helpful

MY SON LIKED IT. THE BOOK WAS IN GOOD CONDITION. ITS WHAT HE NEEDED FOR SCHOOL. THANK YOU VERY MUCH.
