Grade Level: Kindergarten - 2

Customer Reviews

This was a birthday gift for my grandson who was turning five. It accompanied the cuddly stuffed lemur that I also bought him. He was thrilled. There is just enough text in the book to give good information about lemurs without being too much reading for the adult. The photos are very good.

granddaughter carries this around with her everpresent lemur stuffed animal. sooooo it must be super wonderful extraordinarily good!!!!!!!!!!!!!!

Bought for my first grader's class as their mascot is a lemur. Loved the book, great pictures. I highly recommend this book.

Loved learning more about these amazing creatures. Good for 1-2 grade science.
