Customer Reviews

It would be helpful if there were pictures of the illustrations inside the coloring book(s). I've bought too many sight unseen and been disappointed. I think most colorists would appreciate it and you would probably sell more books. Thank you

Too much dark shading already added to pictures makes it impossible to do your own shading and color variations

It was a gift and she loved it

nice pictures to learn how to blend with!

Flowers were already shaded. Did not like this form of flower book.
