Total I Ching

Synopsis

The I Ching (pronounced ee-ching) is the oldest and most respected oracle or divinatory system in the world. There are currently two translations available which offer somewhat conflicting interpretations - the popular Confucian version and an earlier Taoist version called Zhouyi. Reconstructed by twentieth-century scholars and archaeologists, Zhouyi presents the highly imaginative world of myth and ritual that is the hidden base of thousands of years of Eastern thought. Now, for the first time ever, Stephen Karcher fuses these two traditions using modern scholarship and archaeological and linguistic research, along with a wide background in Eastern philosophy and comparative religion, and presents them to the modern Western reader in a comprehensive and accessible new form. TOTAL I CHING is a complete oracle with instruction for immediate use in all life situations, but is also the first translation to detail the mythology of the divinatory system, offering a revolutionary new approach to the world's oldest wisdom tradition.

The I Ching has been an immensely important influence on my life. For well over three decades, I have sought its advice, judgment and solace. It has remained an unchanging spiritual lifeboat for me, like the shoals of dolphins that rescue and secure the shipwrecked to safety. I credit the Wilhem/Baynes/Jung edition for saving my life and, in particular, the editions by Carol K. Anthony, Sam Reifler, Brian Brown Walker, Sarah Dening, R. L. Wing, John Blofeld and Stephen Karcher for enriching it. This latest of Karcher's books on the I Ching, Total I Ching: Myths for Change, is a masterpiece. Karcher successfully takes the original texts and jettisons almost all the moralistic

moorings that are at times difficult to get around in other translations. He takes a shamanistic and pragmatic approach, eschewing doom-and-gloom predictions for succinct, somewhat dispassionate advice. For instance, rather than hearing hopelessly negative news from the 6th changing line of Hexagram 24 (Return), Karcher says "Trap!...You are returning to an old delusion, blinded by self-deception and infatuation. If you go on in this way, your hard-won growth will be destroyed. It will take at least ten years to deal with the repercussions of this catastrophe. The Way is closed. Think about where this desire comes from. Whatever you do, don't act this out....Take things in. Be open and provide what is needed." I find this type of advice far more useful than the stark proclamation of horrific bad luck given in some versions of the I Ching, which could almost cause the susceptible to contemplate jumping off the Golden Gate bridge. His commentary on the 2nd line of Hexagram 49 (Skinning/Revolution) is: "There is excellence in moving now. This is your time. Move into the dance. You can change the world."
