DOWNLOAD EBOOK
This 48-page book is a collection of our most popular quick, fun thinking puzzles. The wide variety of activities in each book develop reading comprehension, vocabulary, and mathematical reasoning as well as writing, spatial, and visual perceptual skills. They also build deductive, inductive (inferential), and creative thinking skills. The puzzles are perfect for school, home, and travel. They are very popular as brain-start, extra credit, sponge, or reward activities. Each book includes easy-to-follow directions and answers. Try one and you’ll be hooked!

**Customer Reviews**

The Dr. Funster’s Think A Minute Book is GREAT! My daughter and I LOVE LOVE LOVE it. My daughter is eleven years old, and I bought this Think A Minute book for her since she loves puzzles and logic problems. The Think A Minute is a great critical and reasoning book full of different puzzles, word problems, etc. She can sit down for an hour and work on them. I love to work on them with her at times as well. Some of them are even a bit of a challenge for me, but it gets mine and her minds going. Some of the problems are easy for her, and others REALLY challenge her, which I think is great. This workbook is not only educational, but the Think A Minute workbook is fun as well. I highly recommend it for kids AND adults.

This book was purchased for upcoming sixth grade students. Each activity will be used sometime throughout the school year as a brain game to begin each school day. It provides a great variety of challenges for students, which could easily be used for more than one school year as well.
We love these books. I've been using them with my homeschooled kids for years!

Great book!
