Customer Reviews
The book is educational, interesting and rich with information on culture! It explains holidays, traditions with a bit of geography thrown in. Great for homeschooling and all around enjoyable read! Worth every star! Rented a copy from the library.

This is a great book! I love that it's written for kids in middle and high school, there's a glut of books for younger kids but very few for older kids. I also love that the book goes beyond recipes and includes descriptions of festivals and cultures.

I recieved it with a bent up cover and it was supposed to be new - from . A bit of a disappointment - I returned it. From what I viewed of the book, it looked like it had potential.
