My son enjoyed looking at the pictures of the Shrek characters, and it did inspire my kids to want to try to cook, but as a cookbook, it is extremely frustrating and disappointing. As another poster said, the recipes are riddled with errors, such as 2-1/2 CUPS of sugar in pancakes instead of tablespoons, the letter "t" ommitted throughout the salsa recipe, the porridge recipe has the measurements of oats and milk switched, and more. Thank goodness I decided to look over the recipe for pancakes before my daughter made it, and as a experienced cook caught the error. I'm glad it inspired my kids to cook, but it is a pain to have to carefully review and correct every recipe before they can try it. Obviously, the recipes were never tested. I'm sure there are much better kids cookbooks at there with accurate recipes and more kid-friendly.

This book is entertaining but don't put too much credence in the recipes! For example the Sleeping Beauty pancakes calls for 2 1/2 cups of sugar! Tablespoons would be more like it. Our kids made a big mess creating unedible pancakes. The recipe for Swamp weed and fly larvae is missing the letter 't' throughout. "2 oma oes", "Sal and pepper", etc.I am sure that there are more typos like this. Buyer beware!

We borrowed this from the library and my 4 y/o son wants to make everything in the book. I am
buying it for him because he loves it so much. He even ate a fish cake. He said it needed bugs in it while we were preparing them, so I put in some peas in lieu of scallions. If I said eat your peas, he would have left them alone, but since we were calling them bugs, he ate them! LOL He was snacking on them while we were cooking. This book is not for the iron chef, it’s for the play dough chef.

A smashing, fun cookbook for boys and girls alike, to inspire a love of cooking and for trying new foods. Despite the odd typos, even the fussiest of eaters may be tempted to cook and try something new as the recipes are presented by characters from the Shrek movies. It’s humorous too, my particular favorites being Snow White’s ‘Non-poisoned Apple Pie’ and ‘Swamp Slime with Maggots’. A great choice for a kids cookbook!!

I bought this gift for an excellent cook for christmas. She loves shrek and loves to cook so it was a perfect fit! She never saw such an item in the stores so she was so excited when she opened it.

It is always a risk when ordering a used cookbook, especially a child’s cookbook, but this was nearly perfect and we used it the day it arrived!

I loved the book it was in great condition and came in a vey timely maner. I would highly recomand purchasing items from this dealer.

On the cover it looks like you might be baking some pretty gross things but the recipes are delicious.
