Tug of War. It’s a game where one team struggles with all its might to drag the other team to its side of the field. When two people begin to play “Tug of War” with your heart, a feeling of hopelessness surrounds you as your heart "stretches" between the two people before it snaps to one end. The power of The Last Silk Dress is so intense that Susan’s thoughts seem to pull the reader in half as he/she wonders which way to turn. The Last Silk Dress provides an emotional story that will hold you within the binding of the book for hours to come. This historical fiction novel portrays the life of a fourteen-year-old girl named Susan, during the Civil War. It is filled with suspense that takes a turn down an unexpected path. Susan is a brave young Southerner, who feels that she must do
something for the Cause in order to be accepted by her abusive, crazy mother. During the battles of war, Susan wonders, while confined in her home, about her long-lost brother, Lucien, who ran away from the family when she was so young. Under the most unusual circumstances, Susan meets up with her brother, who views the South as corrupt and evil. Susan is a daring young girl, who sets off on a mission to collect silk dresses so the South can make a hot air balloon to be used during war. Susan faces the loss of her father, a soldier who she had helped to heal, and her "second-brother," Kenneth, who all had to die for the South. Now, Susan isn't so sure the South has any purpose at all. Susan's dilemmas and losses bring so much emotion into the mind of the reader that there is no possible way to keep the tears from rolling down your face. This story is written with description that sends your mind into the past and puts you by the side of Susan Chilmark.
